**3 idiots**

**3 idiots** is one of the most successful movie in bollywood even had crossed the success rate of Sholey movie. The story appealed all age mass through its three important characters highlighted many current flaws of Indian society and education system. Most importantly in the end paved a different path for young miss guided fellows.

Now, here in Indore the 3-idiots's story is revealed in reality by another 3 idiots.

**Indorian 3-idiots' Story:-**

In Oct 2009, the whole world has seen a great rescission. It was very hard to find a job and those who were in jobs fighting to retain it. It affected approx every sector.

At That Time, these three indorian idiots left a very well paid job. They dreamt and have started a new venture. All their friends and well wishers said & had suggested to not take this idiotic type of decision.

But they know what their goal is so they stick with their decision. Every one said that this would lead to spoil a good career and proved a very wrong decision taken for future. Further, they added as only idiots could take this type of decision.

But they were very happy to being as Idiot.

And started their venture in a small room with one laptop and 2 mobile with working capital of Rs.10,000. At that time they only have skill, hard work and passion of success.

Few Initial months were very hard to face as it had lots of problem and trouble because they didn't have any basic infrastructure. This had lead to find man power to work. Gradually they develop infrastructure.

In a very small span of time less than 11 Month **Capital Height** have 25 dedicated Full Time Employee. And next 1 year their goal is to make Capital Height a 100 employee Company For Sure.

So, that Idiotic decision has generated 25 jobs and another 100 jobs in pipeline in coming 12 month.

And, these three Idiots are **Mukul, Atul & Abhinov**.

They all are Management Graduates (2006-2008) from **IPS Academy, Indore**.
