ALUMNI

Rohit Jain

BBA (Marketing) from IPS Academy (2005-2008). Currently Working as a Team Lead, Research Analyst (Sustainability) at Solaron Sustainability Services Private Limited (www.solaron.in). He also started a start-up called "Ocean Creations : Where Creativity Begins" last year. Ocean Creations is a one stop solution for handmade greeting cards, scrapbooks, customized gifts, surprises, home delivery of gifts and lots more....

My Best Time@ IPSA : My best time at IPSA was bunking lectures and spending time with friends in Greenland, DJ party during Annual Function. The fresher party and the award of Mr. Fresher was a memorable experience.

ANSHUL AGRAWAL

B.E. In Civil Engg. from IES, IPS Academy (2008) batch. Working with L&T, Ecc. (TN) IPS Academy is not only my college but it is also my home. The atmosphere of the college is ultimate and I can say tht it's a tree by which I have grown up. Sitting in Green land, eating magi in canteen. Playing basketball, wow feel like I m in heaven. The memories of college is ultimate. Also at the time of function, weaseling in the dance,, Hooting in song competition really I miss a lot. Really I want to reverse my life 4 year back and want to enjoy my college life in IPS. Even today when I open college website got a cute smile on my face. Today I am proudly say that I am pass out from IPS and I am a IPSian...

2010 MBA 17th
Invocation
ceremony. "WISDOM
2010".

IBMR, IPS Academy had given an attempt to bridge the gap between industry and academia. It strongly believes there is a need to be a

shift in the emphasis from educating "About" management to educating "For" it. Teaching management without the experiential process is like teaching someone to swim on dry land. Therefore, to continue the belief IBMR, IPS Academy invited the real growth drivers of the economy from 4th to 7th Oct'2010 . The ceremony started on 4th with an inspiring address by Mr. Sajid Dhanani, MD Sayaji Hotels Ltd who shared his experiences which helped the students to understand the crux of Service Industry. The next day was dedicated to the importance of Yog, a Science originated in India which has many takers in the West, the guest speaker Mr. Om Baweja gave students an insight on stress management and ways to deal with it. Prof Ashish Dongre, DTE M.P. continued the ignition explaining the importance of Management in Administration. Mr. Amber Arondekar, Aegon Religare in plain words explained the ways through which the capacities of an individual can be utilized in a constructive way. The session by Mr. Manish Kalani, MD EWDPL was an impressive way to close the ceremony where he explained the students the importance of focus, because of which he quitted his critics on the apprehensions of introducing the Mall Culture in B and C grade cities.

At the end the Wisdom 2010 which was held from October 4 to 8, 2010 was focused for the future budding managers to make them master the art of surviving / excelling in the choppy water as well.

Department of Civil Engineering organized National Seminar on "Emerging Trends & Techniques for optimization of concrete structure - October 7-8, 2010 (195 candidates participated)

Department of Computer Science & Engineering organized student awareness program for the students of II Yr and III Yr CSE on Networking Technology where students learnt the concepts of networking through live demonstration by Mr. Ritesh Jain."

Department of Chemical Engg organized National Workshop on "Recent Advancements in Biotechnology & Biochemical Engg" sponsored by Govt. Of India, Ministry of Sc. & Tech New Delhi.
