President Message

Ar. Achal K Choudhary
President, IPS Academy

"It gives me immense pleasure and pride to the young and vibrant IPSAian, which stands committed to add to the existing goodwill of its name and bring glory to the Country.

Providing an enabling culture, to the participants to learn and grow fearlessly and aim for perfection, the institute wishes them to inculcate values of personal excellence and concern for others thus imbibing egalitarian values which could then help the larger society build and manage ecologically responsible organizations "

ALUMNI

" Aatish Lodha

BBA in (Marketing) IPS Academy, 2003-2006 batch. Director, Gifting Memories, India . Star Employee at Convergys India Services Pvt Ltd. Best Event Manager at ITM Business School, Navi Mumbai. Appreciation Awards from Mahaveer International Chittorgarh

Best Time @ IPSA : 3rd Trimester

....Lots of appreciation, awarded topper of the batch in various activities. It was the time that boosted a positive change towards life.

Best moment @ IPSA: 1st campus recruitment result. I got through : My first job I was always excited for!!

" Vikash Kumar

MBA (International Business) from IER, IPS Academy 2006-08 Batch. At present working as an Account Manager with Michelin India Tyres Pvt Ltd (World's Largest Tyre Maker Co.) Rajasthan State in India.

Best Time : Every day since first day of college was best for me. I was known as Book Buff in starting day of MBA classes by my classmates but have been very

friendly and popular among not only MBA while in Engineering, Computer Deptt, Library for career advice. I miss the time very much which I spent with my friends in Cafeteria, Green land etc.

Best Moment: I really miss the moment when i saw the happiness on all staffs of IPS when i got highest placement package. I can never forget the moment when i got injured very badly in an accident and the co-operation which i found from many students from MBA (IB/BE/FT), MBA, BBA, BCA, MCA, Engineering, Hotel Mgmt etc students. They all collected money for my operation and got my treatment done. I still have the liabilities to do something for all IPS students and staff whatever i can do, i am doing and need to do more. I really miss all of the classmates, i wanna see once again all of them together.

THESIS: INSTITUTE FOR SPASTIC CHILDREN AT INDORE SHIVANI PAUL

Architecture – designing spaces, that is what it means and whenever I thought of it I had all whims and fancies in my mind. However there is a other side of this coin. They are the stigmatized people who have some or the other type of physical disability. Now just think about the children who can't even sit on their own – they are the spastic children.

The design evolution for the 'topos' had many facets to deal with apart from the architecture solution. It was found that these children need special educational facilities and additional support like:
Learning support
Behavioral support
Therapies.

The design focus was on the "child Psychology" and provide them with:
Honesty and warm environment
Feeling of belonging
Sense of growth
Freedom and independence
Privacy and exploration

Shivani Paul student B.Arch School of Architecture

MOTHER TODDLER PROGRAMME

IPS has propounded a unique pre school teaching methodology called Mother Toddler concept that has challenged the conventional beliefs towards pre-school education. It is a wonderful time of learning and fun through music for mother and toddler (6 months to 1.5 years).

Mummy will also go to school with me..

- It is new for Indore but not for metro cities.....lets our children get the complete exposure.
- The main goal of programme is to increased the involvement of parents for better growing of child and with fewer expectations.
- Mother Toddler concept has challenged the conventional beliefs towards pre-school education.

Small Group	Duration : 1 year & 6 months	Scientificallly Proved	Mother to accompany the child during the class. (1 hour/day & 3 days in a week)
