IPS Academy, Indore

Indore Professional Studies Academy (IPSA) is one of the Central India's largest educational hub-premises playing a major role to develop as most preferred educational centre. IPS Academy is a group of 16 colleges, 3 campuses with more than 71 courses affiliated with DAVV and RGPV, sprawled in an area of 60 acres land. The college is NAAC accredited and technical courses are recognized with AICTE. We honed the intellectual and nurture the educational talent for future employment prospects. IPS Academy has established a reputation for excellence and visionary thinking in its efforts to improve teaching and learning across the nation, particularly within the contexts of urban and global education.

Institute of Science & Research

Institute of Science & Research (ISR) is one of the college of IPS Academy, Indore. It aims to provide a cutting-edge research facilities and excellence in teaching. Qualified and experienced faculty members are core strength of the institute. It offers six UG and six PG programs in Biotechnology, Chemistry, Computer Science, Electronics, Mathematics, Physics, Pharmaceutical Chemistry and Library Science along with various value added courses to enhance the capabilities of students. Our students design and fabricate equipments that are supplied to other Institutes and also prepare eco-friendly products to develop entrepreneur approach among students.

Department of Chemistry

Department of Chemistry offers PG courses in Chemistry and Pharmaceutical Chemistry along with one certificate program. The laboratories are well equipped with sophisticated instruments to facilitate research in chemistry and interdisciplinary science. Quality research is evinced by large number of research publications in National and International Journals. Department is having a Research Project funded by MPCST, Government of MP, Bhopal. We are providing quality atmosphere for teaching & learning which is proven by excellent results with 4-5 merit position in DAVV every year. Here young minds grow up for catering needs of chemical and pharmaceutical industry. To explore Academia- Industry interaction department has signed 5 MOUs with industries and other leading organization.

About the Conference

The International e-Conference on “Futuristic Dimensions & Innovative Trends in Chemical Sciences” (FDITCS-2020) is scheduled to be organised on 6th and 7th November 2020. The purpose of this conference is to bring international scholars together, working in the field of Chemical Sciences in the broadest sense of the words. The two-day conference has been carefully structured to encourage mutual inspiration, fruitful discussion and deliberation among researchers.

Theme for Oral Presentation

The theme for oral presentation is not restricted but will mainly emphasis on following topics:

- Organic Chemistry
- Inorganic Chemistry
- Physical Chemistry
- Analytical Chemistry
- Organic Synthesis
- Material Science
- Pharmaceutical Chemistry
- Green Chemistry
- Nano-materials
- Environmental Chemistry
- Polymer Chemistry
- Photo Chemistry
- Nuclear Chemistry
- Spectroscopic Techniques

Call for Abstract

Abstracts are invited from scientists, researchers, academicians, and delegates from industries in about 400 words as per provided template by email on fditcs@ipsacademy.org.
